About the Professor / Instructor
Welcome to SOCI 3000 (Sociology of Marriage and Family). My name is Dr. Ami Moore. I will be your instructor of record for SOCI 3000 for this semester. I am Associate Professor in the Department of Sociology. I am a social demographer and teach several Sociology courses.

Materials – Text, Readings, Supplementary Readings

Course Description
This course is designed to help you understand the history of the family as a social institution and contemporary family issues. Of course, all of us are experts to some degree on family and family-related issues. We have lived in families and/or have our own families. Thus, we have observed family dynamics and may have compared our own family experiences to others. HOWEVER, in this class, we will use sociological theories and research to analyze the social forces that impact this social institution called ‘the family’.
Learning Objectives
At the end of the course, students will be able to:
1. understand why the American family is not monolithic
2. place their own personal experiences of the family in a larger social context
3. place present-day family issues in their historical and social contexts
4. understand current family changes and stresses.
5. understand and explain sociological theories of family.

Teaching Philosophy
Online classes are very fast paced, thus, it is important for students to stay up with assignments and complete them on time. You CANNOT procrastinate. To do well in this class, students should ask questions whenever they have one, and do all of the assignments ON TIME (discussions, quizzes, and exams). Please PROOF-READ your work before submitting it as your grades will be partially based on the clarity of your writing. Your grades in this course will be based on discussions, quizzes, and exams.

1. There will be three discussions for the term.
2. Discussions will be posted on the Discussions tab.
3. There will be three exams posted on the Quizzes and Exams tab
4. There will be a quiz every week posted on the Quizzes and Exams tab
5. There will be NO MAKE-UP quizzes.
6. Each assignment will turn on at a particular time and be available for 72 hours.
7. Assignments CANNOT be made up after they turn off.
8. Your assignments MUST be posted during the allotted time.
9. No work will be accepted after the deadline.
10. PLEASE do not e-mail me your assignment, I will not read it.
11. I will read each and every post and provide feedback when necessary.
12. Please be courteous in the Course-room. Do not post anything offensive, threatening, inflammatory, or illegal. Also, do not call people names if you disagree with their views.

Important Notice for F-1 Students taking Distance Education Courses:
Federal Regulation

The paragraph reads:

(G) For F-1 students enrolled in classes for credit or classroom hours, no more than the equivalent of one class or three credits per session, term, semester, trimester, or quarter may be counted toward the full course of study requirement if the class is taken on-line or through distance education and does not require the student's physical attendance for classes, examination or other purposes integral to completion of the class. An on-line or distance education course is a course that is offered principally through the use of television, audio, or computer transmission including open broadcast, closed circuit, cable, microwave, or satellite, audio conferencing, or computer conferencing. If the F-1 student's course of study is in a language study program, no on-line or distance education classes may be considered to count toward a student's full course of study requirement.
University of North Texas Compliance

To comply with immigration regulations, an F-1 visa holder within the United States may need to engage in an on-campus experiential component for this course. This component (which must be approved in advance by the instructor) can include activities such as taking an on-campus exam, participating in an on-campus lecture or lab activity, or other on-campus experience integral to the completion of this course.

If such an on-campus activity is required, it is the student’s responsibility to do the following:

(1) Submit a written request to the instructor for an on-campus experiential component within one week of the start of the course.

(2) Ensure that the activity on campus takes place and the instructor documents it in writing with a notice sent to the International Student and Scholar Services Office. ISSS has a form available that you may use for this purpose.

Because the decision may have serious immigration consequences, if an F-1 student is unsure about his or her need to participate in an on-campus experiential component for this course, s/he should contact the UNT International Student and Scholar Services Office (telephone 940-565-2195 or email internationaladvising@unt.edu) to get clarification before the one-week deadline.
