About the Professor / Instructor
My name is Amy Trail and I will be your instructor for the duration of the semester. I am very excited to get started so let me begin by telling you a little bit about myself. I received a Master of Science in Rehabilitation Counseling from UNT and currently possess the Certified Rehabilitation Counselor and Licensed Chemical Dependency Counselor credentials. While pursuing graduate studies, my concentrations included addictions and biofeedback. Professionally, I have had the pleasure of working with individuals experiencing chronic homelessness, persons with dual-diagnoses as well as at-risk youth. Presently, I am the Director of the Collegiate Recovery Program (CRP) on the UNT campus. Throughout my academic and professional careers I have sincerely enjoyed learning about the neurocognitive and behavioral issues experienced through substance and/or process related addiction as well as evidence based practices intended to promote a recovery-oriented lifestyle.

**Being a Successful Online Student**
- **What Makes a Successful Online Student?**
- **Self-Evaluation for Potential Online Students**

**Course Organization**
This course is organized into weekly lesson plans with specific topics for each week. Each week begins in Blackboard on Monday and ends at 11:59 p.m. Sunday. All online assignments will be due no later than Sunday of each week. All materials will be offered in multiple formats for accessibility purposes.

**How Students Should Proceed Each Week for Class Activities**
The instructor will provide information via the announcement tool in Blackboard regarding course assignments.

**COMMUNICATIONS**
- Announcements will be communicated via the Blackboard announcement tool.
- Please contact the instructor at amy.trail@unt.edu and copy your teaching assistant, Cara Sexton at cara.sexton@unt.edu with any questions you may have about the course or its content.

**ASSESSMENTS & GRADING**

**Quizzes – 100 points**
Quizzes may consist of multiple choice, matching, fill-in-the-box, true/false, short essay and/or definition items. Exams will be offered electronically on Blackboard. Use of materials from beyond the course (e.g., web sources, other courses) will result in a grade of 0 for the exam as will collaboration with others. Essay/definition items MUST be in the student’s words NOT those of the power points to receive credit.
- Quiz 1 - 50 points
- Quiz 2 - 50 points

All quizzes will stress core concepts and principles from each unit covered. Quiz content focuses mainly on:
1. Items marked on PowerPoint (see below)
2. General course themes and major points emphasized in lectures

*Red* = probable exam item (slide, term or fact)
*Bold* = possible exam item

The percentage of red and bold items on the exam ranges from 70% to 90%. Lectures will highlight most items that are of very high probability of exam inclusion.

**To Avoid Problems on Blackboard Tests**
1. Avoid use of Wi-Fi connections - use a hard wired connection
2. Use a laptop or PC not a tablet or phone. Do not use Safari. If you must use a tablet or phone you MUST access BB via the free download of BB’s mobile app. If you must use an IPad, use Google chrome browser.
3. Avoid opening multiple windows. Even a small document can wreak havoc when a quiz is being done. Use of Multiple windows is NEVER appropriate when taking a quiz as they imply the use of outside sources, i.e. cheating.

Instructor reserves the right to make syllabus changes as course needs arise.
Violation of Any of the Above Will Void Your Test
If problems arise do not disconnect! Immediately contact the BB helpdesk and see if they can help. If the helpdesk cannot resolve the issue email both the instructor (amy.trail@unt.edu) and the TA (cara.sexton@unt.edu). One of us will respond within 48 hours. If you time out the quiz will be graded as it was at the end of the allotted time period. Resets will only be granted if we can be assured that the problem was a system failure. A reset requires that any questions you did answer are deleted and you must start over.

Introductory Discussion Board – 5 points
Students will participate in an online discussion board worth a maximum of five (5) points. The discussion board will contain a document entitled, “Discussion Board Expectations” that outlines discussion board participation guidelines.

Web Exercises – 45 points
Students will complete three (3) web exercises worth fifteen (15) points each. Please visit the Blackboard course online and navigate to the web exercises link to view drop boxes and instructions for each web exercise activity.

Assignments – 50 points
Students will complete two (2) assignments worth a maximum of twenty (25) points each. Please visit the Blackboard course online and navigate to the assignments link to view a .pdf outlining assignment instructions for each assignment.

COURSE POLICIES

Student Behavior in the Online Classroom
1. Grades are discussed only with the involved student in private. Students receive limited feedback from blackboard (BB) on essay/definition items. Blackboard Exams are opened for review after ALL students have completed the test.
2. Students are responsible for getting ALL announcements made via blackboard. YOU ARE RESPONSIBLE for getting notes on announcements made in class from another student (NOT by emailing the instructor or TA).
3. Please refer to the NETIQUETTE document located in the Student Help section of the online course for guidelines regarding appropriate interaction with all involved in the course.

**Personal Disclosure and Confidentiality**
We may deal with personal and sensitive matters during this course. It is imperative that we contribute in a respectful manner, even when we disagree. Please remember that any personal information shared is confidential and should not be discussed outside of the online learning environment. It is important that you honor the privacy of your classmates.

While discussing topics related to substance use, you may be asked questions that relate to your personal experiences, attitudes and behaviors. Confidentiality cannot be guaranteed; therefore, you are free to choose the level of disclosure most comfortable to you. It is important to be discrete and appropriate when sharing in class discussions; therefore, be mindful of what personal information you share in class.

**Acceptable Student Behavior**
Student behavior that interferes with an instructor's ability to conduct a class or other students' opportunity to learn is unacceptable and disruptive and will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be referred to the Dean of Students to consider whether the student's conduct violated the Code of Student Conduct. The university's expectations for student conduct apply to all instructional forums, including university and electronic classroom, labs, discussion groups, field trips, etc. The Code of Student Conduct can be found at [www.deanofstudents.unt.edu](http://www.deanofstudents.unt.edu)

**Late Work and Make up Quizzes**
Late work will NOT be accepted. Written medical documentation of the circumstances that led to students’ inability to complete course work is required and should be requested in advance whenever possible.

**Class Participation**
Students are required to login regularly to the online class site. The instructor will use the tracking feature in Blackboard to monitor student activity. Students are also required to participate in all activities such as discussion board, chat or conference sessions and group projects.

**Virtual Classroom Citizenship**
The same guidelines that apply to traditional classes should be observed in the virtual classroom environment. Please use proper netiquette when interacting with class members and the professor.

**Incompletes**
Students are expected to complete the course within the session time frame. A grade of Incomplete will only be given if the student is (a) passing the course, (b) has completed 75% of the course requirement, (c) has very compelling special circumstances, and (d) provides adequate documentation. I will require that the course requirements be fulfilled by the end of the following semester. According to UNT policy:

> An Incomplete Grade ("I") is a non-punitive grade given only during the last one-fourth of a term/semester and only if a student (1) is passing the course and (2) has a justifiable and documented reason, beyond the control of the student (such as serious illness or military service), for not completing the work on schedule. The student must arrange with the instructor to finish the course at a later date by completing specific requirements. These requirements must be listed on a Request for Grade of Incomplete.

Instructor reserves the right to make syllabus changes as course needs arise.
If you fail to complete the course requirements by the end of the subsequent semester the grade of Incomplete will be replaced with an “F”. I strongly urge you to complete the course. If you find you are falling behind, or not passing, I recommend you consider withdrawing from the class so that your record and GPA is not negatively affected. Please come talk to me if you find yourself having any difficulties with keeping up with the assignments or are not doing well on the quizzes.

Policy on Server Unavailability or Other Technical Difficulties
The University is committed to providing a reliable online course system to all users. However, in the event of any unexpected server outage or any unusual technical difficulty which prevents students from completing a time sensitive assessment activity, the instructor will extend the time windows and provide an appropriate accommodation based on the situation. Students should immediately report any problems to the instructor and also contact the UNT Student Help Desk: helpdesk@unt.edu or 940.565.2324. The instructor and the UNT Student Help Desk will work with the student to resolve any issues at the earliest possible time.

UNT POLICIES
Student Conduct and Discipline
The primary concern of the University of North Texas is the student. The university attempts to provide for all students a campus environment that is conducive to academic endeavor and social and individual growth. To that end, rules, regulations and guidelines governing student behavior and the student's relationship with the university have been formulated into a student code of conduct and discipline. Enrollment at the University of North Texas is considered implicit acceptance of these and other policies applicable to students, all of which are educational in nature and designed to help students understand expectations and accept responsibility for their own actions. Additional information can be found in the Code of Student Conduct.

Sexual Discrimination, Harassment, & Assault
UNT is committed to providing an environment free of all forms of discrimination and sexual harassment, including sexual assault, domestic violence, dating violence, and stalking. If you (or someone you know) has experienced or experiences any of these acts of aggression, please know that you are not alone. The federal Title IX law makes it clear that violence and harassment based on sex and gender are Civil Rights offenses. UNT has staff members trained to support you in navigating campus life, accessing health and counseling services, providing academic and housing accommodations, helping with legal protective
orders, and more. UNT’s Dean of Students’ website offers a range of on-campus and off-campus resources to help support survivors, depending on their unique needs: http://deanofstudents.unt.edu/sexual-misconduct/reporting-sexual-misconduct#4

Renee LeClaire McNamara is UNT’s Student Advocate and she can be reached through e-mail at SurvivorAdvocate@unt.edu or by calling the Dean of Students’ office at 940-565-2648. You are not alone. We are here to help.

ADA Policy
The University of North Texas makes reasonable academic accommodation for students with disabilities. Students seeking accommodation must first register with the Office of Disability Accommodation (ODA) to verify their eligibility. If a disability is verified, the ODA will provide you with an accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request accommodations at any time, however, ODA notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester and must meet with each faculty member prior to implementation in each class. For additional information see the Office of Disability Accommodation website at http://www.unt.edu/oda. You may also contact them by phone at 940.565.4323.
