COURSE DESCRIPTION: This course focuses on substantive criminal law: the basic crimes and criminal defenses. In this connection, we will explore the traditional and Texas and federal statutory definitions of the crimes and defenses, as well as cases that interpret these definitions.

COURSE OBJECTIVES: Through this course, students should gain:
1) an understanding of the constitutional, legislative, and judicial parameters of federal and Texas basic criminal law
2) an awareness of judicial and legislative "outputs."

REQUIRED READING:

COURSE REQUIREMENTS: Final course grades will be based on performance on the following activities: 4 examinations; 4 discussion boards; and class participation. Each of the exams will be evaluated on a 100-point scale and each exam will represent 20% of your final course grade. Each discussion board will be evaluated on a 20-point scale and each will represent 4% of your final grade. Your class participation will be evaluated on a 20-point scale and will represent 4% of your final grade.

GRADING SCALE (Maximum of 500 points):
A= 448 – 500 points
B= 398 – 447 points
C= 348 – 397 points
D= 298 – 347 points
F= 0 – 297 points

EXAMINATIONS: The 4 exams will consist of multiple choice, definitional, descriptive, listing, and/or short essay questions. The first examination is Thursday, September 28, 2017. The second examination is Tuesday, October 24, 2017. The third examination is Tuesday, November 14, 2017. The fourth examination will be given from 10:30 a.m. – 12:30 p.m. on Thursday, December 14, 2017. There will generally be no make-up exams.

DISCUSSION BOARDS: During the course of the semester, there will be 4 Blackboard discussion boards. They are attached to this syllabus, along with their due dates and related instructions. Your
discussion board materials will be submitted through the class Blackboard site. Students can earn up to 20 points for each discussion board assignment (up to 15 points for your posting and up to 5 points for your response to another student’s posting), for a maximum total of 80 points for these 4 activities. In the discussion board activities, students are expected to thoughtfully address the subject matter and to treat fellow students’ postings with respect in their responses. No late postings will be accepted.

CLASS PARTICIPATION: The class participation component of each student’s grade will be based on the number of times that the student actually participates in the discussions of class material. Students may volunteer to participate and they will be called upon to participate. A student will be awarded up to 2 points each time that the student participates in class, up to a maximum of 20 points for the semester. No points will be deducted from or added to the student’s class participation score if the student gives an incorrect answer, is unable to respond to a question in class, or asks a question in class.

ATTENDANCE: No specific records will be kept regarding student attendance. Attendance, however, will strongly affect course grades because 1) at least 30% of each exam will be drawn from class presentations, 2) class presentations will elaborate on and review text materials, 3) class participation evaluations will be based on participation in class, and 4) each student will be responsible for the content of all class presentations, as well as for any announcements, schedule changes, etc. that are made in class.

PANOPTO LECTURE CAPTURE: We will be using the Panopto Lecture Capture system that makes an audio recording of the class presentations and preserves presented materials. These will be available to you via the class Blackboard site following the “captured” session(s). Your use of Panopto is designed to supplement your class attendance, such as if you have to miss a class, want to fill in class notes, or want to review class materials for an exam – not substitute for it. If use of Panopto has a serious negative impact on class attendance, Panopto will be terminated.

ACADEMIC HONESTY: The university rules and policies regarding cheating and plagiarism will be strictly enforced.

DISRUPTIVE BEHAVIOR: Disruptive behavior is not permitted in class. Students engaging in such behavior may be directed to leave the classroom and may be referred to the Center for Student Rights and Responsibilities for consideration of a violation of the Code of Student Conduct.

SPOT: As part of the university-wide assessment of teaching, students are strongly encouraged to complete the Student Perceptions of Teaching (SPOT) online surveys for this and all of their classes. Your input is valued. This semester’s SPOT will be open near the end of the semester.

Discussion Boards

General Instructions: Each discussion board assignment includes a posting of at least 500 words and a response to another student’s posting of at least 200 words. Each assignment also requires reference to at least 2 sources in each posting, with the types of sources further described in each assignment. Although not all sources must be governmental or scholarly sources, Wikipedia is not an acceptable source for these assignments. Students should generally summarize or paraphrase any referenced material, with exact quotations indicated by quotation marks. Students should identify their source material in the text of their postings and list their sources at the conclusion of their postings. Examples of reference formats for your internal references and List of Works Cited are included on the attached document.

Blackboard Discussion Board #1: Opens September 5 at 1:50 p.m. and closes at September 12 at 12:30 p.m.

The criminal law evolves slowly over time. Some acts, like murder, have generally always been and will always be considered criminal acts. Other conduct has been considered criminal – or non-criminal – in different societies at different times. Choose 1 of the following categories of conduct and describe, in at least 500 words, why you think this conduct should be considered a crime and be subject to criminal punishment. Include in your posting 1) how this conduct harms the individual engaging in it or others and 2) what kind of punishment is appropriate for the conduct. Include in your posting a reference to at least 2 sources, at least 1 of which is a federal or state governmental source. In addition, respond to 1 other person’s posting that has suggested criminalizing a category of conduct and describe, in at least 200 words, why you think that category of conduct should not be criminalized and how society should address the conduct other than through the criminal law.

Categories of Conduct:
Gambling
Prostitution
Bigamy
Public Intoxication
Obscenity/Pornography
Texting while Driving
Graffiti

Blackboard Discussion Board #2: Opens October 5 at 1:50 p.m. and closes at October 12 at 12:30 p.m.

Domestic violence continues to be a problem in this country. Look at some of the web sites that address this topic, such as the National Center for Victims of Crime, the Bureau of Justice
Statistics, and the Department of Justice Office for Victims of Crime, or other sources. Discuss the following: 1) How widespread is the problem of domestic violence (include data/statistics regarding the extent of domestic violence)? 2) What is the criminal justice system doing about it (include specific actions or activities)? 3) What could the justice system do more effectively to reduce domestic violence (include specific actions or activities)? Your posting should be at least 500 words and should include a reference to at least 2 sources, at least 1 of which is a federal or state governmental source or crime victim organization source. In addition, respond, in at least 200 words, to at least 1 other person’s posting that has suggested a response to reduce domestic violence and discuss the strengths and weaknesses of that person’s suggestions to reduce domestic violence.

Blackboard Discussion Board #3: Opens October 24 at 1:50 p.m. and closes at October 31 at 12:30 p.m.

Identity theft has become an increasingly large crime problem in this country. Look at some of the web sites that address this topic, such as those of the FBI and the Federal Trade Commission, or other sources. Discuss the following: 1) How widespread is the problem of identity theft (include data/statistics regarding the extent of identity theft)? 2) What is the criminal justice system doing about it (include specific actions or activities)? 3) What could the justice system do more effectively to reduce identity theft (include specific actions or activities)? Your posting should be at least 500 words and should include a reference to at least 2 sources, at least 1 of which is a federal or state governmental source. In addition, respond, in at least 200 words, to at least 1 other person’s posting that has suggested a response to reduce identity theft and discuss the strengths and weaknesses of that person’s suggestions to reduce identity theft.

Blackboard Discussion Board #4: Opens November 14 at 1:50 p.m. and closes at November 21 at 12:30 p.m.

As of November 2016, Colorado, Washington, Alaska, Oregon, the District of Columbia, California, Nevada, Massachusetts, and Maine have passed ballot initiatives that legalize possession of small amounts of marijuana for non-medical purposes, and provide for its regulation and taxation. Look at the governmental web sites or other sources that address these initiatives. In a posting of at least 500 words, and with a reference to at least 2 sources including at least 1 federal or state governmental source, 1) describe one of these laws (including what specific activities are permitted and what are not) and 2) discuss the law’s advantages and disadvantages, as well as 3) implementation problems you envision regarding the law. In addition, respond, in at least 200 words, to at least 1 other person’s posting discussing one of the law’s advantages/disadvantages or implementation issues.
Documenting Sources

DOCUMENT ALL WORDS, IDEAS, INFORMATION OR ILLUSTRATIVE MATERIALS TAKEN FROM A SOURCE!!!!!!!

All paraphrased or quoted material that requires documentation of its source should be followed by a parenthetical including the source’s author’s last name(s) and the page(s) on which the referenced information appears (Lakoff 123). If the author’s name appears in the text, only the page number(s) on which the referenced information appears goes in the parenthetical: Lakoff emphasizes the role of language in the socialization process (123-24). If you are using 2 or more works by the same author, include a shortened version of the title in the parenthetical (Lakoff, *Language* 24). For internet references, use the author, title, or site information that begins your entry in the List of Works Cited. If you are referencing multiple sources, list them in alphabetical order in your parenthetical.

Quotations

Short quotations should be enclosed in quotation marks in the text of your paper. Long quotations (generally over 4 lines of text in length) should be indented from the left margin of your text.

List of Works Cited

List entries alphabetically by author’s last name/initial information in entry. Indent the second line of any entry.
