Regular hours are maintained to provide support to students. Please refer to the website (http://www.unt.edu/helpdesk/hours.htm) for updated hours.

**Method of Evaluation**
As this is an online class, students must be prepared to take responsibility for their own learning. Students should be prepared to take quizzes and complete online discussions with little direction beyond that provided in the syllabus and individual assignment instructions. Students will earn points through three methods of evaluation.

**Quizzes:** Students will complete a total of 6 quizzes throughout the semester comprised of 6 module quizzes. Quizzes will be worth a total of 120 points or 20 points each (6 module quizzes). Quizzes can be accessed through the Quiz tab within Blackboard. Weekly quizzes will be available for 30 minutes upon opening the quiz and must be completed in one sitting (one attempt) – so make sure you have a reliable internet connection and are ready to complete the entire quiz when you open it. (Technical issues will only be considered in extreme circumstances, only once per semester and can only be evaluated by the instructor.) Questions that have not been answered at the end of 30 minutes will receive 0 points. Quizzes will become available every Monday morning at 12:30a and are due the following Sunday night by 11:59p Central Time on the due dates outlined in the course calendar. Quizzes are individual assignments and should be completed in private and not in the company of any other student. Quiz questions will be released one at a time and may consist of multiple choice, true/false, matching, short answer questions, and/or essay. While course materials may be referenced during the quizzes, students should treat these quizzes as they would an in class exam and prepare accordingly. Quiz grades will be available following completion of the quiz – correct responses will be available for review after the quiz availability period ends. *There are no makeup or late submissions of quizzes.*
**Discussion and participation:** Online discussions comprise the bulk of the course and will emulate that of the traditional or face to face classroom environment. There will be 9 discussion questions worth 40 points each. Students will complete 9 total discussions including the introductory discussion week 1. For each discussion week, students will be required to both respond to the weekly discussion question as well as make 2 substantive posts to classmates’ posts in order to receive full credit for the week. Discussion question responses should range from 300-500 words. Participation posts must reflect critical thought and reflect substantive contribution to the class discussion (generally a minimum of 200 words). Rather, simply posting that you agree or disagree with another students post or restating their post will not constitute a substantive response. Additionally, you will be graded on grammar, so proofread your submissions prior to posting. It may be helpful to type your responses in a word document before cutting and pasting them into your submission – this will also ensure that you have a copy of your submission in the event that you have technical issues in submitting your responses. Students are also expected to incorporate a minimum of 2 scholarly references with appropriate in text citations in APA format for any information obtained from an outside source. Full credit for participation posts will also include reference to a minimum of 1 outside source in support of your position. Discussions will run Monday’s (12:01a) through Sunday’s (11:59p) and will close at the end of each discussion week. Discussion/participation posts cannot be submitted after the due date and time. Discussions will be graded and returned within one week of the due date.

*Students must respond to the discussion question in order to unlock that week’s discussion and enable the ability to respond to others’ posts. All discussion and participation posts must be completed by the due date and time. No late discussion posts or participation posts will be accepted for any reason. If you have technical difficulties in submitting your post, you must email the instructor a copy of your post prior to the discussion due date to be eligible for partial credit. Discussion posts/participation posts will be graded and returned within one week of the assignment due date.*

Discussion questions are designed to assess your comprehension and understanding of course materials, not a description of your personal opinion regarding computer crime. As such, discussions will be evaluated using the following criteria:

<table>
<thead>
<tr>
<th>Content</th>
<th>Participation</th>
<th>Length</th>
<th>Editing (spelling and grammar)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Excellent 18-20 points</td>
<td>Excellent 10 points</td>
<td>Excellent 5 points</td>
<td>Excellent 5 points</td>
</tr>
<tr>
<td>All of the required components of the response were adequately addressed with full explanations</td>
<td>Student submitted 2+ substantive participation posts. Supported arguments using properly documented empirical sources in APA format.</td>
<td>Discussion response exceeded required length, 2 participation responses were posted that also exceeded required length</td>
<td>If there were any spelling or grammar errors they were insignificant</td>
</tr>
<tr>
<td>Good 15-17 points</td>
<td>Good 8-9 points</td>
<td>Good 4 points</td>
<td>Good 4 points</td>
</tr>
<tr>
<td>A minor required component was missing, or there was not good explanation for at least one of the</td>
<td>Student submitted 1-2 substantive participation posts. Supported arguments using properly documented sources.</td>
<td>Discussion response met required length, 2 participation responses were posted - one response met the 200 word count requirement, one did not</td>
<td>There were a few spelling or grammar errors that were noticeable but did not detract from the paper</td>
</tr>
</tbody>
</table>
As discussed above, students will have the opportunity to earn up to 900 points for the semester. Possible points can be earned in the following manner:

Module quizzes (6) 20 points each 120 possible points
Discussion responses (9) 40 points each 360 possible points

480 total possible points

Your final grade will be based on your accumulation of points according to the table below (grades will not be rounded – the total points accumulated at the end of the semester will be used to determine the final grade):

<table>
<thead>
<tr>
<th>A</th>
<th>B</th>
<th>C</th>
<th>D</th>
<th>F</th>
</tr>
</thead>
<tbody>
<tr>
<td>432-480 points</td>
<td>384-431 points</td>
<td>336-383 points</td>
<td>288-335 points</td>
<td>287 or below points</td>
</tr>
</tbody>
</table>

*If an extra credit opportunity becomes available, it will be posted as an Announcement in Blackboard for the entire class to view. There are no individual extra credit opportunities.

**Grade related questions or concerns must be addressed within 1 week of the grade being posted to Blackboard.
Attendance Policy
As this is an online course, there are fixed deadlines on assignments that students must meet in order to be eligible for full credit for completed assignments. Students are expected to log in to the course daily to review course assignments, due dates, and check announcements, etc. Students may complete their work early and, in doing so, have a large amount of flexibility in completing their assignments. However, while work can be completed early, all assignments must be submitted by the due date listed in the course calendar in the syllabus. Students that have fallen behind, are failing and/or choose to not complete the coursework for the semester are responsible for officially withdrawing themselves from the course; failure to do so will result in a performance grade of "F". Last day to withdraw with a grade of “W” is February 23, 2018.

Classroom Policies
Students are expected to log in to Blackboard daily to check Announcements or changes to the course. Missing deadlines as a result of not frequently checking Blackboard will not be an excuse for late work submission.

No late submissions are accepted for any reason. Assignments are generally available for at least a week, as such, there are no extensions for last minute technical difficulties or unexpected events. As this is an online class, students are expected to use their time wisely and complete assignments within the availability period. Time management is an important skill both in terms of academic performance as well as in a professional environment. If a student will be out of town on vacation, work related travel, etc., the student should plan accordingly to complete any assignments prior to being out of town – this includes getting approval from the instructor and requesting that assignments be open early if necessary. In the case of a legitimate emergency (medical or otherwise), students should contact the instructor directly at the time of the emergency to determine if alternate arrangements can be made. Requesting exceptions to this policy is unfair to other students who complete assignments within the required time period.

All assignments must be received by the due date and time. If for some reason a student is unable to submit an assignment through Blackboard, they are encouraged to submit the assignment directly to the instructor via email prior to the due date and time. Any assignment not received by the due date and time will not be accepted for credit.

Any assignment submitted in a format that the instructor cannot open, for any reason, will receive a score of a 0 regardless of when the assignment was submitted. Follow individual assignment instructors for formatting and submission expectations. Students should be careful to submit assignments as attachments, unless specifically instructed, as this increases the likelihood an assignment will not be visible to the instructor.

Grade related questions or concerns must be addressed within 1 week of the grade being posted to Blackboard. Quiz grades post immediately with correct responses available after the quiz close date. Students should email the instructor with quiz questions after they have reviewed the correct responses within one week of the grade being posted. Questions related to the quiz will not be answered while the quiz is still available. Do not wait until the end of the semester or half
way through the semester to ask questions about previous assignments. Students are expected to stay on top their grades as well as their course standings and ask questions in a timely manner.

Final grades are determined based on the point total listed in the syllabus. There is no rounding. Students should do their best on each assignment and submit all completed assignments on time to maximize their performance and earned point total for the course.

Online Discussion Expectations: While this is an online class, we will engage in online discussions in which individuals may have strong opinions regarding course related topics. Our online classroom is a collaborative environment in which every student should feel comfortable expressing ideas, opinions and engaging in thoughtful discussions. Students will respect the views and opinions of others at all times; name-calling and personal attacks are not permitted. Students engaging in disruptive or disrespectful behavior in the classroom will be given one warning through an email from the instructor. A second violation will result in the student being locked out of future discussions eliminating their ability to either participate in future discussions or earn additional discussion points for the course.

A Grade of “Incomplete” (“I”): An Incomplete Grade (“I”) is a non punitive grade given only during the last one-fourth of a term/semester and only if a student (1) is passing the course and (2) has a justifiable and documented reason, beyond the control of the student (such as serious illness or military service), for not completing the work on schedule; and (3) arranges with the professor before the end of the semester to finish the course at a later date by completing specific requirements that the professor must list on the grade sheet. All work in the course must be completed within the specified time (not to exceed one year after taking the course) If you do not meet the specifications for this grade, you will need to see the Registrar’s office about resigning from the University.

Academic integrity

Standards of academic integrity are expected with regard to any course related work or submission. Students should consult the UNT website for questions, guidelines, appeals, and other information related to these policies:
http://policy.unt.edu/sites/default/files/untpolicy/pdf/7-Student_Affairs-Academic_Integrity.pdf

Academic violation of UNT policy consists of the following:

A. Cheating. The use of unauthorized assistance in an academic exercise, including but not limited to:
   1. use of any unauthorized assistance to take exams, tests, quizzes or other assessments;
   2. dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems or carrying out other assignments;
   3. acquisition, without permission, of tests, notes or other academic materials belonging to a faculty or staff member of the University;
4. dual submission of a paper or project, or re-submission of a paper or project to a different class without express permission from the instructor;
5. any other act designed to give a student an unfair advantage on an academic assignment.

B. Plagiarism. Use of another’s thoughts or words without proper attribution in any academic exercise, regardless of the student’s intent, including but not limited to:
   1. the knowing or negligent use by paraphrase or direct quotation of the published or unpublished work of another person without full and clear acknowledgement or citation.
   2. the knowing or negligent unacknowledged use of materials prepared by another person or by an agency engaged in selling term papers or other academic materials.

C. Forgery. Altering a score, grade or official academic university record or forging the signature of an instructor or other student.

D. Fabrication. Falsifying or inventing any information, data or research as part of an academic exercise.

E. Facilitating Academic Dishonesty. Helping or assisting another in the commission of academic dishonesty.

F. Sabotage. Acting to prevent others from completing their work or willfully disrupting the academic work of others.

All submissions should be 100% original to this course.

Any violation of academic integrity will be handled on a case-by-case basis. At a minimum, the student will receive a 0 on the assignment in question, but more serious academic violations may be subject to the assignment of a failing grade for the course. Please do not hesitate to contact the instructor with questions related to citations or other academic integrity concerns.

**Student Evaluation of Instruction (SPOT)**
Student feedback is important and an essential part of participation in this course. The student evaluation of instruction (SPOT) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester to provide you with an opportunity to evaluate how this course is taught. Student feedback is very important to UNT; please complete your SPOT (Student Perceptions of Teaching) survey during the open evaluation time.

**ADA Statement and Disabled Student Policy**
The University of North Texas makes reasonable academic accommodation for students with disabilities. Students seeking accommodation must first register with the Office of Disability Accommodation (ODA) to verify their eligibility. If a disability is verified, the ODA will provide you with an accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request accommodations at any time, however, ODA notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester and must meet with each faculty member prior to implementation in each class. For additional information see the Office of Disability Accommodation website at http://www.unt.edu/oda. You may also contact them by phone at 940.565.4323.

**Important Notice for F-1 Students taking Distance Education Courses**

**Federal Regulation**
To read detailed Immigration and Customs Enforcement regulations for F-1 students taking online courses, please go to the Electronic Code of Federal Regulations website at http://ecfr.gpoaccess.gov. The specific portion concerning distance education courses is located at “Title 8 CFR 214.2 Paragraph (f)(6)(i)(G)” and can be found buried within this document: http://frwebgate.access.gpo.gov/cgi-bin/get-cfr.cgi?TITLE=8&PART=214&SECTION=2&TYPE=TEXT

The paragraph reads:

(G) For F–1 students enrolled in classes for credit or classroom hours, no more than the equivalent of one class or three credits per session, term, semester, trimester, or quarter may be counted toward the full course of study requirement if the class is taken on-line or through distance education and does not require the student's physical attendance for classes, examination or other purposes integral to completion of the class. An on-line or distance education course is a course that is offered principally through the use of television, audio, or computer transmission including open broadcast, closed circuit, cable, microwave, or satellite, audio conferencing, or computer conferencing. If the F–1 student's course of study is in a language study program, no on-line or distance education classes may be considered to count toward a student's full course of study requirement.

**University of North Texas Compliance**
To comply with immigration regulations, an F-1 visa holder within the United States may need to engage in an on-campus experiential component for this course. This component (which must be approved in advance by the instructor) can include activities such as taking an on-campus
exam, participating in an on-campus lecture or lab activity, or other on-campus experience integral to the completion of this course.

If such an on-campus activity is required, it is the student’s responsibility to do the following:

1. Submit a written request to the instructor for an on-campus experiential component within one week of the start of the course.
2. Ensure that the activity on campus takes place and the instructor documents it in writing with a notice sent to the International Student and Scholar Services Office. ISSS has a form available that you may use for this purpose.

Because the decision may have serious immigration consequences, if an F-1 student is unsure about his or her need to participate in an on-campus experiential component for this course, s/he should contact the UNT International Student and Scholar Services Office (telephone 940-565-2195 or email internationaladvising@unt.edu) to get clarification before the one-week deadline.

Course Calendar and Topics
Students are responsible for keeping up with the schedule, any schedule changes as well as the assigned readings as we progress through the course. This is a tentative schedule and the instructor reserves the right to modify any part of the schedule at any time throughout the semester.
