COURSE OBJECTIVES LEARNING OUTCOMES:

This is a lens based studio art class. It will deal with content development along with digital and silver based photographic processes. You will learn technical information related to each photographic process along with various content development techniques. All of the work will be created solely for this class and be original to you. Appropriation is not allowed in this class. The class is structured so you have time to work in class on the images you bring to class. You are expected to come to class prepared to work.

ENTRY REVIEW

Prior to completing ASTU 2255 Photo II, students who wish to pursue a B.F.A. in Photography must participate in the Entry Review. The Entry Review will consist of the following:

Students must have earned an A or B in ASTU 2250 Photo I

- A current copy of your transcript showing that prerequisites have been met.
- A written examination covering technical information from ASTU 2250 Photo I and ASTU 2255 Photo II.
- Presentation of a portfolio of work to be evaluated by photography faculty.
- The portfolio should evidence skill in:
 - development of sound art concepts
 - digital image capture/processing
 - inkjet printmaking
 - black & white film processing
 - black & white printmaking
 - professional presentation

Twenty students will be selected each fall and spring semester to continue in the photography major. Selection will be made from those students currently enrolled in, or, who have successfully completed ASTU 2255 Photo II. To qualify to be considered for selection, students must have earned an A or B in ASTU 2250 Photo I, earn a score of 80 or better on the written exam, and score 90 or better on the portfolio evaluation. Students with the top twenty combined scores from the written exam and portfolio evaluation will be selected to enroll in ASTU 3250 Photo III.

Students who are not selected are encouraged to choose another major. However, in a subsequent semester, those who wish to reapply may do so. In reapplying, students may use their scores from a previous review, or they may resubmit a portfolio of new work and/or retake the written exam. Prior to reapplying for a review, students may be asked to repeat a course if the faculty believes it would be beneficial.

ENTRY REVIEW SCHEDULE

Written Exam:

The Entry Review Written Exam will be given at 8 a.m. and 2 p.m. on Thursday, November 17, 2011. A public study session for the exam will be conducted at 8 a.m. and 2 p.m. on Tuesday, November 15, 2011. The public study sessions and written exam will be given in your respective classrooms. Please refer to the Entry Review Study Guide to prepare for the written test.

Portfolio:

The Entry Review Portfolios are due by 4 p.m. on Thursday, December 8, 2011. Please leave your portfolio with Erin Mazzei, Photography Lab Manager. Portfolios will consist of the following:

- Fifteen prints, divided somewhat equally between digital inkjet prints and silver gelatin prints, representing your best quality work.
- Silver gelatin prints are to be printed on fiber base paper and all prints are to be archivally matted. Students who are creating installation pieces should consult with photography faculty. All silver gelatin prints must be spotted.
- Typed project statement for each body of work represented in the portfolio. Statements should be no longer than one page.
- Copy of current transcripts showing Photo prerequisites have been met. These classes are to be highlighted.

- Drop front Archival Methods style archival portfolio box, with your name in the upper right corner of the front of the box.

LAB MANAGER, LAB HOURS, & EQUIPMENT CHECKOUT

Erin Mazzei is the photo lab manager. When working in the lab you are expected to follow the rules and be courteous to her and each other, along with others working there at the time. You are also expected to clean up after yourself.

Lab Hours:

- Monday - Thursday 8 a.m. - 9 p.m.
- Friday 8 a.m. - 4 p.m.
- Saturday and Sunday 12 p.m. - 7 p.m.

Students are required to sign up for their time slot on the computers in the digital output lab. If you do not sign up, do not expect to be able to print.

For wet lab work: Do not expect to complete anything in an hour. Please do not show up during the last hour of the lab time and start working on something new. This will not be tolerated.

You have priority in the lab during your assigned class period. Open lab hours are first come first serve with the wet lab.

COURSE RISK FACTOR & CLASSROOM SAFETY

According to University Policy, this course is classified as a category three course. Students enrolled in this course are exposed to significant hazards which have the potential to cause serious bodily injury or death. In this class, those risks are related to the use or misuse of photo chemistry. Best practices include not operating electrical devices with wet hands, wet feet, wet clothing or while standing in a liquid. Limit your exposure to the photo chemicals. Wear protective clothing and do not allow the chemicals to come into contact with your unprotected skin. No food or drink are allowed in the digital lab or darkroom. Do not eat or drink around the photo chemistry. Students enrolled in this class will be informed of potential health hazards or potential bodily injury connected with the use of materials and/or processes and will be instructed about how to proceed safely.

Students who are pregnant or will become pregnant during the course of the semester are advised to check with their doctor immediately to determine if any additional risks are reason to postpone this course until a later semester. Upon request, your professor will provide a list of chemicals and safety issues for your doctor to review. Material Safety Data Sheets are available on all chemicals. It will be up to you and your doctor to determine what course of action to take.

BUILDING EMERGENCY PROCEDURES:

In case of emergency (alarm will sound), please follow the building evacuation plans posted on each floor of your building and proceed to the nearest parking lot. In case of tornado (campus sirens will sound) or other weather related threat, please go to the nearest hallway or room on your floor without exterior windows and remain there until an all clear signal is sounded. Follow the instructions of your teachers and act accordingly.

AMERICAN WITH DISABILITIES ACT:

The College of Visual Arts and Design is committed to full academic access for all qualified students, including those with disabilities. In keeping with this commitment and in order to facilitate equality of educational access, faculty members in the College will make reasonable accommodations for qualified students with a disability, such as appropriate adjustments to the classroom environment and the teaching, testing, or learning methodologies when doing so does not fundamentally alter the course.

If you have a disability, it is your responsibility to obtain verifying information from the Office of Disability Accommodation (ODA) and to inform me of your need for an accommodation. Requests for accommodation must be given to me no later than the first week of classes for

students registered with the ODA as of the beginning of the current semester. If you register with the ODA after the first week of classes, your accommodation requests will be considered after this deadline.

Grades assigned before an accommodation is provided will not be changed. Information about how to obtain academic accommodations can be found in UNT Policy 18.1.14, at www.unt.edu/oda, and by visiting the ODA in Room 321 of the University Union. You also may call the ODA at 940.565.4323.

CENTER FOR STUDENT RIGHTS AND RESPONSIBILITIES:

Each University of North Texas student is entitled to certain rights associated with higher education institutions. See www.unt.edu/csrr for further information.
